

PORCELAIN CLASSIC IN A NEW MOULD

Ever since Lyngby Porcelain came on the scene in 1936, simple, elegant lines have helped to write the history of Danish design. Any gift originating here, therefore, is a classic design icon that will last – in terms of style and quality, and for many years to come. Look for the hand-printed Danmark-Lyngby monogram on the bottom – your guarantee of gifts large and small that will be enjoyed over and over again.

GIVE MORE BETWEEN THE LINES

The Lyngby vase was, and remains, a distinctive feature of Lyngby Porcelain, and it is one of our most iconic products. This cylindrical white vase was designed based on the 1930s ideology of uniting form and function.
